- Responsible for training the use of company software to customers.
- Provided user support remotely, regarding software issues and other technical support.
- Installed, configured, tested, maintained all the software and system management tools.

JUN 2014 – AUG 2018

Operations Engineer (Network) / Ding

- Provided support to clients and stakeholders from over 140 countries.
- Solved internal and external system issues.
- Created manuals for internal personnel.
- Created daily, weekly and monthly incident management reports.
- Monitored, managed and troubleshooted system using Cacti, Nagios, Datadog, Kibana, Zabbix.

Education

JULY 2024 (COMPLETED)

CS50x - Introduction to Computer Science
HarvardX, Online

MARCH 2024 (COMPLETED)

Master in Big Data, Artificial Intelligence and Disruptive Technologies
Digital Age University, Barcelona, Spain
EQF Level 7

JANUARY 2013 (COMPLETED)

Bachelor of Science in Electronic and Telecommunication Engineering
North South University, Dhaka, Bangladesh
EQF Level 6

Certifications

Google IT Support Professional Certificate (May 2022)

Microsoft Certified Azure AI Fundamentals (April 2021)

Training

AUGUST 2020 - SEPTEMBER 2020

IoT and AI Bootcamp / Università Campus Bio-Medico di Roma (Rome, Italy)
